

Discover Abitibi A project of innovation, cooperation and revitalization

Découvrons l'Abitibi Un projet d'innovation, de coopération et de renouvellement

May 27, 2004

Press Release

.....for immediate distribution

The Discover Abitibi Initiative wishes to announce that the Seismic surveys will begin on or about Tuesday June 1, 2004. The first survey line will be along Hwy 577, at Shillington. These surveys will employ large tire mounted trucks, passenger vehicles and ATV's. The large tired vehicles will be creating vibrations in the ground, which may be felt for short distances. The public is advised that there will be temporary traffic disruptions while the surveys are being conducted. The disruptions will be similar to construction zones. The affected areas will be clearly marked and will have traffic control flag persons posted. Care should be exercised.

For information regarding these surveys contact Robert Calhoun at (705) 360-8485, email [rcalhoun@city.timmins.on.ca](mailto:rcalhoun@city.timmins.on.ca) or by fax at (705) 360-1394.
