

Discover Abitibi

Airborne Magnetic Survey Kirkland Lake – Larder Lake Area

Re-Release of Grid Data

The following airborne geophysical survey products from the Discover Abitibi Initiative are being re-released on December 13, 2004, at 10:00 a.m. Eastern Time (9:00 a.m. Central Time). The products are corrected versions of previously released geophysical data sets, where a shift in the conventionally gridded magnetic data in the eastern part of the survey area (Block 2) resulted in a displacement of grid information 222 metres south and 16 metres west.

Survey Area Location

Geophysical Data Set 1053a, Magnetic Data, Grid Data (ASCII Format) and Vector Data, Kirkland Lake – Larder Lake Area; 1 CD-ROM, \$20.00.

Geophysical Data Set 1053b, Magnetic Data, Grid Data (Geosoft® Format) and Vector Data, Kirkland Lake – Larder Lake Area; 1 CD-ROM, \$20.00.

The above data sets have been corrected and are now available at the Publication Sales office. If you have purchased either of the above data sets, please return them to the Publication Sales office, and a replacement copy will be given to you free of charge.

More information about Data Set 1053 and associated map products may be found in the November 15, 2004, release notice.
