

Discover Abitibi

A project of innovation, cooperation and revitalization

Découvrons l'Abitibi

Un projet d'innovation, de coopération et de renouvellement

November 12, 2003

Press Release

for immediate distribution

The Discover Abitibi Initiative and the Ministry of Northern Development and Mines are pleased to announce that results from the MegaTEM® II airborne geophysical surveying of Area 3—covering the Kidd-Munro/Blake River area east of Matheson—are being released on November 26, 2003 at 10:00 a.m. Eastern Time (9:00 a.m. Central Time).

The magnetic and electromagnetic data are available in hard copy as a set of 20 maps at scales of 1:20,000 and 1:50,000, and digitally in ASCII and Geosoft® formats on 4 CD-ROMs. The hard copy map products will be available at various MNDM outlets and may be purchased individually or as complete sets. The digital data, however, can only be obtained through the MNDM publication sales office in Sudbury. For the convenience of the client, advance orders for all products can be arranged through the MNDM publication sales office. Further information regarding this release can be obtained from the MNDM publication sales office at 1-888-415-9845 toll-free or locally at (705) 670-5691 or visit their website at www.mndm.gov.on.ca/mndm/mines/ims/pub/release_e.asp

E-mail inquiries should be directed to pubsales@ndm.gov.on.ca.

This project is partly funded by FedNor and the Northern Ontario Heritage Fund
